

## THANK YOU VILLAGE BUSINESSES!

The Livonia Gardens Club thanks all the Village businesses which participated in the Club's Christmas Wreath sale. We are most grateful for your support! Businesses pre-ordered the wreaths which were decorated by Club members. Each wreath was individually designed and decorated for the participating businesses to decorate their doors or windows. This is the only fund raiser the Club holds, which helps to support the scholarship for a graduating Livonia High School Senior, table centerpieces for the Conesus Lake Nursing Home, and the purchase of the wreaths. In the spring and summer, the Club plants flowers and cares for the gardens in the Village: the Library, Brooks Garden, Vitale Park, and the gardens in the parking area on Main Street.

Again, we thank the businesses for your support!
